Dear Supervisors:

COUNTY LIGHTING MAINTENANCE DISTRICTS AND COUNTY LIGHTING DISTRICT LANDSCAPING AND LIGHTING ACT-1 ANNUAL ASSESSMENT PROCEDURE - FISCAL YEAR 2013-14 (ALL SUPERVISORIAL DISTRICTS) (3 VOTES)

SUBJECT

These actions are to continue the street lighting assessment rates in County Lighting District Landscaping and Lighting Act-1 for the unincorporated area and 15 cities for Fiscal Year 2013-14 at the same rate as were charged for Fiscal Years 1998-99 through 2012-13, except for the Carson Zone which was increased in Fiscal Year 2012-13, the Paramount Zone which was increased in Fiscal Year 2011-12, the Palmdale Zone which was increased in Fiscal Year 2003-04, and the Calabasas Zone which was increased in Fiscal Year 1999-2000.

IT IS RECOMMENDED THAT THE BOARD:

1. Find that the proposed project is statutorily exempt from the California Environmental Quality Act for the reasons stated in this letter and in the record of the project.
2. Approve and file the Engineer's Report for the proposed annual levying of assessments in County Lighting District Landscaping and Lighting Act-1 for street lighting purposes for Fiscal Year 2013-14.
3. Adopt the Resolution of Intention to Order the Levying of Assessments in County Lighting District Landscaping and Lighting Act-1 for Fiscal Year 2013-14.

4. Set the public hearing for May 28, 2013, on the proposed continuation of Fiscal Year 2012-13 levying of annual assessments in County Lighting District Landscaping and Lighting Act-1 for Fiscal Year 2013-14 in all zones identified in the Fiscal Year 2013-14 Engineer's Report.

5. Instruct the Executive Officer of the Board to give notice of public hearing by causing the Resolution of Intention to be published once in both English and Spanish language newspapers at least 10 days prior to the date of hearing scheduled for May 28, 2013, pursuant to section 22626(a) of the California Streets and Highways Code.

AFTER THE PUBLIC HEARING, IT IS RECOMMENDED THAT THE BOARD:

1. Authorize changes, if needed, in any of the matters provided in the Engineer's Report, including changes in the improvements, any zones within County Lighting District Landscaping and Lighting Act-1, the diagram that shows the district's boundaries, and the proposed assessment as described in the Engineer's Report.

2. Determine to levy assessments in any amount not to exceed the recommended amounts.

3. Adopt the Resolution Confirming a Diagram and Assessment and Ordering of Assessments in County Lighting District Landscaping and Lighting Act-1 for Fiscal Year 2013-14, either as originally proposed or as changed by the Board. The adoption of the resolution shall constitute the levying of annual assessments in County Lighting District Landscaping and Lighting Act-1 for Fiscal Year 2013-14.

4. Find that the property tax and assessment revenues collected from benefited properties will meet operating expenses and financial reserve needs and requirements; purchase supplies, equipment, or materials; provide funds for capital improvement projects, including construction of additional street lights and the repair and replacement of obsolete equipment with new modern equipment necessary for the proper operation of lighting facilities, in accordance with the provisions of the Improvement Act of 1911 and the Landscaping and Lighting Act of 1972; and in the amount shown for each maintenance district and assessment zone listed in Appendix G of the Fiscal Year 2013-14 Engineer's Report.

5. Determine that it is just and equitable and in the public's interest that the additional cost for the expenses of the installation and maintenance of additional lights be made a charge upon the existing districts as a whole in Fiscal Year 2013-14, pursuant to section 5843.5 of the California Streets and Highways Code.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended actions is to find that the project is exempt from the California Environmental Quality Act and establish the Fiscal Year 2013-14 street lighting assessment rates in County Lighting District (CLD) Landscaping and Lighting Act-1 (LLA-1) for all zones established for the unincorporated area and 15 cities shown in Appendix H of the enclosed Engineer's Report where the County of Los Angeles administers street lights. Since the existing street light assessments expire annually, the Board must renew the annual street lights assessments to provide supplemental funding for the operation and maintenance of street lights within CLD LLA-1. The street

lighting assessment rates in County Lighting District Landscaping and Lighting Act-1 for the unincorporated area and 15 cities for Fiscal Year 2013-14 will remain at the same rate as were charged for Fiscal Year 2012-13.

Implementation of Strategic Plan Goals

The Countywide Strategic Plan directs the provisions of Operational Effectiveness (Goal 1) by maintaining street lighting services. These actions are consistent with Fiscal Sustainability (Goal 2). Renewing the street lighting assessments will provide the funding necessary for the continued operation and maintenance of street lighting facilities within CLDs. In addition, these actions are consistent with Integrated Services Delivery (Goal 3). Street lighting services will provide convenience and safety for the motoring public as well as the safety and security of people and property.

FISCAL IMPACT/FINANCING

The annual street lighting assessments for all zones identified in the Fiscal Year 2013 14 Engineer's Report will expire on June 30, 2013, unless the Board approves the annual street lighting assessments for Fiscal Year 2013-14 for the operation and maintenance of the street lights. Financing for the installation, operation, and maintenance of street lights in Fiscal Year 2013-14 will be derived from the assessment revenue collected from benefited property owners within CLD LLA-1 and by a portion of the property taxes that is allocated to County Lighting Maintenance Districts (CLMDs) for street lighting purposes.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

On April 16, 2013, the Board adopted a Resolution Ordering Engineer's Report for Fiscal Year 2013-14 (California Streets and Highways Code section 22622) ordering the Director of Public Works or her designee to prepare and file an Engineer's Report in accordance with California Streets and Highways Code section 22566 et seq. and section 4(b) of Article XIII D of the California Constitution for the levying of annual assessments in CLD LLA-1, pursuant to provisions of the Landscaping and Lighting Act of 1972 (California Streets and Highways Code section 22500 et seq.) and Article XIII D of the California Constitution. The Engineer's Report was prepared in response to that directive.

CLD LLA-1 was formed on July 24, 1979, to provide supplemental funding for the continued operation of the street lighting systems in the existing CLMDs. It was formed to have essentially the same boundaries as those CLMDs listed in Appendix A of the Engineer's Report. Each subsequent year, the Board has renewed annual street lighting assessments and a similar action is required to provide assessment revenues in order to keep street lights in the various County-administered CLDs fully operational during Fiscal Year 2013-14.

The Act sets forth procedures, which must be followed for any fiscal year during which an assessment is to be levied. The Act requires the legislative body to approve and file an annual Engineer's Report and to adopt a Resolution of Intention declaring the Board's intent to levy and collect assessments in CLD LLA-1 for Fiscal Year 2013-14. The Act also requires that a public hearing be held at a regular Board meeting. During the course or upon conclusion of the public hearing, the Board may order changes in any of the matters provided in the Engineer's Report, including changes in the improvements, the boundaries of any zones within the assessment district, and the proposed diagram or proposed assessment. The Board can also close the hearing to testimony and delay the determination regarding the assessments until a later date or continue the

public hearing to receive further testimony and make the determination regarding the assessment at the close of the public hearing continuance. However, according to section 22629 of the California Streets and Highways Code, the hearing may not be continued beyond August 10, 2013, without prior consent of the Auditor-Controller.

The Act provides for the assessment of street lighting costs against the benefited properties within CLD LLA-1 by any formula or method that fairly distributes the costs among all assessable lots or parcels in proportion to the estimated benefits to be received by each from the improvements. A method of distributing the street lighting costs on the basis of land use was approved by the Board on May 22, 1979, and amended on July 22, 1997, to include government-owned or -leased parcels. The report showing the approved method and the assessment units to be assessed on the various types of lots or parcels is on file in the office of the Board of Supervisors and is made a part hereof by reference. This same method is used to compute the Fiscal Year 2013-14 assessments.

The California Streets and Highways Code section 22623 provides that the Board may approve the Engineer's Report as filed or modify the Engineer's Report and approve it as modified.

The enclosed resolutions have been approved as to form by County Counsel.

ENVIRONMENTAL DOCUMENTATION

The proposed project is statutorily exempt from the California Environmental Quality Act (CEQA). Adoption of the proposed resolutions to determine and levy the annual street light assessments for Fiscal Year 2013-14 is for the purpose of meeting operating expenses and, therefore, is exempt in accordance with Section 15273(a) of the State CEQA Guidelines and Section 21080(b)(8) of the California Public Resources Code.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Preparing an Engineer's Report is consistent with the current services regularly conducted by the Department of Public Works. The levying of the annual assessments is required to provide for the operation and maintenance expenses incurred for the proper operation of street lighting facilities.

CONCLUSION

Please return one adopted copy of this letter and the signed resolutions to the Department of Public Works, Traffic and Lighting Division. Also, please forward one adopted copy of this letter and signed resolutions to the County Assessor, Ownership Services Section (Attention Angela Gadsden), and to the Auditor-Controller, Tax Division (Attention Kelvin Aikens).

Respectfully submitted,

PURSUANT TO PROVISIONS OF THE
LANDSCAPING AND LIGHTING ACT OF 1972

**COUNTY OF LOS ANGELES
DEPARTMENT OF PUBLIC WORKS
COUNTY LIGHTING MAINTENANCE DISTRICTS AND
COUNTY LIGHTING DISTRICT LLA-1
ENGINEER'S REPORT
FISCAL YEAR 2013-14**

On April 16, 2013, the Board of Supervisors of the County of Los Angeles designated the Director of Public Works or her designee as the Engineer and adopted a resolution ordering the Director of Public Works or her designee to prepare and file an Engineer's Report for Fiscal Year (FY) 2013-14, in accordance with section 22566 of the California Streets and Highways Code and section 4(b) of Article XIII D of the California Constitution, for the levying of annual assessments in all zones within County Lighting District Landscaping and Lighting Act-1 (CLD LLA-1) for street lighting purposes. The annual levying of assessments is necessary in order to provide supplemental funds for the continued operation of the existing County Lighting Maintenance and Assessment Districts. This Engineer's Report is prepared in response to the above directive to address all zones within CLD LLA-1.

The County Lighting Maintenance Districts (CLMD) are established street lighting districts. Prior to the enactment of State Constitutional Amendment XIII-A in 1978, which placed a limit on the maximum amount of ad valorem tax increases on real property, the operation and maintenance of street lights within the maintenance districts were fully funded by ad valorem property taxes. The ad valorem property taxes received under the guidelines established by the State Legislature subsequent to the passing of this amendment were not sufficient to pay the cost of street lighting services within the maintenance districts.

CLD LLA-1 was formed on July 24, 1979, to provide supplemental funding for the existing CLMDs. It was formed to be essentially co-extensive with those existing lighting maintenance districts listed in Appendix A hereof. Its boundaries include unincorporated territory plus areas within the Cities of Agoura Hills, Bell Gardens, Calabasas, Carson, Diamond Bar, La Canada Flintridge, La Mirada, La Puente, Lawndale, Lomita, Malibu, Palmdale, Paramount, Rolling Hills Estates, and Walnut. CLD LLA-1 has a separate zone for the unincorporated territory and for each City encompassing only the area within the city currently within an existing CLMD. The designation for each zone is the name of the city within which it lies.

Lighting district maps showing a diagram of each existing zone within CLD LLA-1, and indicating the general nature, location, extent of improvements, the exterior boundaries of each zone, and lines and dimensions of each lot or parcel located therein, are on file with the Board of Supervisors at the Kenneth Hahn Hall of Administration, and are made a part of this report by reference. Maps of subdivisions annexed to CLD LLA-1 pursuant to section 22608.2 of the California Streets and Highways Code, subsequent to the formation of CLD LLA-1, are on file in the office of the County Assessor.

Engineer's Report
Fiscal Year 2013-14

New subdivisions and single-lot developments processed for annexation to the lighting districts or developed within the existing boundaries of the lighting districts, and whose operational costs were transferred from a subdivider's account to a lighting district account during FY 2012-13 are listed in Appendix B. The number and size of street lights installed and the estimated annual operating costs for each new subdivision or single-lot development, together with the zone in which the development is located, is also listed in Appendix B. Maps of the annexation and the type and location of the improvements installed by the developers of these subdivisions are shown on maps on file with Public Works.

Information regarding additional street lights authorized for installation within the existing boundaries of the lighting districts during FY 2012-13, in response to specific requests, and in compliance with procedures set forth in the California Streets and Highways Code section 22565 et seq., is shown in Appendix C. Maps showing the type and location of the improvements are shown on maps on file with Public Works.

Annexations of territories by petition of the property owners, together with the number and sizes of street lights as approved by the Board during FY 2012-13, are shown in Appendix D. Maps of the annexation and the type and location of the improvements are shown on maps on file with Public Works.

In compliance with procedures set forth in the California Streets and Highways Code section 22565 et seq., and the California Streets and Highways Code section 5843.5 the estimated annual energy and maintenance costs of Highway Safety Lights (HSLs) transferred to CLMD 1687 and CLD LLA-1 (Unincorporated Zone) during FY 2012-13 are shown in Appendix E. The Board has also previously authorized the transfer of HSL energy costs to Diamond Bar and Paramount Zones. No transfers of HSLs were made to Diamond Bar and Paramount Zones in FY 2012-13.

All benefited parcels of real property located within CLMD and Assessment Zones are identified by the 2012-13 Tax Rate Area Report and Assessor Parcel Numbers listed in Appendix F. The diagram of each CLMD and Assessment Zone, along with the lines and dimensions of each lot or parcel of land located therein, are more particularly described in maps prepared in accordance with section 327 of the California Revenue and Taxation Code, and are on file in the office of the County Assessor and are made a part of this report by reference.

Certain cities with County-administered lighting districts have requested certain street lighting upgrades and/or capital improvement projects be implemented within their respective zones in FY 2013-14. Funds collected pursuant to the Improvement Act of 1911 and Landscaping and Lighting Act of 1972 may be used for certain street light

upgrades or capital improvements. Revenues designated for street light upgrades and/or capital improvement projects in the unincorporated and city zones are included in Appendix G.

Section 22573 of the California Streets and Highways Code provides for assessment of street lighting costs upon the benefited properties within CLD LLA-1. The section states, "The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements." A method of distributing the street lighting costs on the basis of land use and land-use data compiled by the County Assessor was approved by the Board on May 22, 1979, and amended by the Board on July 22, 1997, to distribute costs among governmental-owned or -leased parcels in accordance with the provisions of Article XIII D of the California Constitution. The report showing the approved method and the number of usage units assigned to the various land use categories on the basis of benefits received is on file with the Executive Office of the Board of Supervisors.

The July 22, 1997, amendment currently applies to governmental-owned or -leased parcels within the Calabasas, Carson, Lomita, Palmdale, and Paramount Zones, where benefited property owners within these Zones have previously approved an assessment increase pursuant to these provisions. In future years, the amount of the base rate assessment for Calabasas and Lomita Zones may be automatically increased based on California Public Utilities Commission approved rate increases for Southern California Edison street lighting charges. For the Carson, Palmdale and Paramount Zones, the amount of the base rate assessment may be automatically adjusted annually by the cost of living based on a factor calculated by using the Consumer Price Index for the Los Angeles-Riverside-Orange County areas for all Urban Consumers. An analysis of the financial conditions of the Calabasas, Carson, Lomita, Palmdale, and Paramount Zones indicate that these lighting districts are in good financial health for Fiscal Year 2013-14.

The estimated costs of operating CLD LLA-1, Unincorporated and City Zones located therein, during FY 2013-14 are shown in Appendix H. An evaluation of these estimated costs has been made and all such estimated costs appear to be reasonable and appropriate. Appendix H also lists the proposed assessment rate per unit for FY 2013-14 and the amount of assessment revenue estimated to be raised by the assessment for the unincorporated and 15 city zones located within CLD LLA-1. If the proposed assessments for FY 2013-14 are not approved, it will be necessary to reduce street lighting services to stay within the operating revenues.
